

## PIXERA four RS

In order to be able to offer our customers a special **pre-configured** version of our powerful PIXERA four, **perfect for cross rental scenarios**, we created the PIXERA four RS.

The **RS** stands for **rental & staging** in this context.

- ▶ 25GbE Dual Network Card
- ▶ 12G-SDI Input/Output or 4x 3G-SDI
- ▶ 1x HDMI 2.0 Input
- ▶ Framelock and Genlock
- ▶ Dante Virtual Sound Card

## VIRTUAL PRODUCTION

XR stages and related broadcast/virtual production setups have become extremely popular in recent months. Rapid technological developments in the realm of real-time graphics, unprecedented hardware processing power and the exponential global growth of 3D software engine usage are equally responsible for the meteoric rise of virtual production applications. PIXERA four is perfectly suited to be an integral component of cutting edge workflows that feature real-time and e.g. Unreal engine content.

## WARRANTY

We offer a two-year warranty on PIXERA servers. This warranty can be extended to 5 years. We also offer on-site services, remote services and data management services. Just contact us to find out more about the available options.

## HARDWARE CONFIGURATOR

PIXERA server hardware offers you a lot of choices when it comes to the specific configuration of the server models that fit your project requirements. In order to make finding the perfect configuration easy and fun, we created a versatile hardware configurator tool, which you can access on our website.
