

INSTALLATION GUIDE PIXERA DEMO VERSION

- STEP 1: Download the PIXERA Demo Version from our website (www.PIXERA.one/PIXERAdemo)
- STEP 2: Install the PIXERA software on your computer, at this point you will receive a unique serial number.
- STEP 3: Go to our website, now please fill in the form including the serial number (www.PIXERA.one/PIXERAdemo)
- STEP 4: You'll receive your licence code as soon as we have approved your request
- STEP 5: Go back to PIXERA and enter the licence code
- STEP 6: HAVE FUN testing our PIXERA software

Please Enter License Code

No USB dongle was found on the system!
If you have a dongle then you may still need to install the dongle drivers.
These are available on the AV Stumpfl website.
The serial number shown below is a hardware-dependent fallback for the local system. Only demo licenses can be activated with this serial number.

Serial Number (Local System Fallback) 1
XXXX XXXX XXXX

License Code

Status

Please enter a license code in the field above or request a new code.
Pixera will close if a valid code is not available.
